

Cruise Suspensions Due to COVID-19

American Cruise Lines is committed to the safe operation of each of its ships. We have been working continuously with local, state, and federal officials to welcome you back aboard. As a result of this effort, we have implemented our [Covid-19 Operating Protocol](#) and will continue to adapt it to provide you with a safe and pleasant cruise.

Cruises are currently scheduled to resume in March 2021 at a reduced capacity and following industry-standard protocols. We are regularly communicating with all guests and will continue to keep you informed as additional information becomes available. If a cruise is unable to operate, guests with an active reservation will have their choice of Cruise Vouchers equal to 125% of all Amounts Paid or a full refund of all Amounts Paid. For reservations made with Cruise Vouchers and for Cruise Voucher details, please [click here](#).

We look forward to being back on the water with you.
